

GROUP MEMBER HANDOUT—"Being Missional" Week

How will you begin embrace Jesus' invitation to join God in his mission by being witnesses and making disciples?

- 1. Who specifically has God placed in your life that He wants to invite you to share Jesus with?**

- 2. Who might be blessed by an invitation to join you at Daybreak or to hear a bit of your story of what God's been doing in your life?**

- 3. Who might He be inviting you to disciple?**

Begin to pray for those people you mentioned above specifically, that God would draw them to Himself, and that you would be open and obedient to any ways that he may want to use you in that process.

When it comes to God's heart for ALL NATIONS, how might God be leading you to get involved?

There are three simple ways to get started

(circle whichever ones you feel God may be leading you to do in the next year):

1. PRAY:

- Begin to pray not just both for people around the world in general, but also specifically for Daybreak's international workers, partnerships, and short-term trippers. Perhaps there is one particular global partner that you want to pray for each week.

2. GIVE:

- There are a number of ways you can give financially to global ministries. Participate in Global Giving (coming in December), give regularly to support some of our international workers, or to one of our short-term teams.

3. GO:

- Join a short-term missions team next year! We had 4 teams in 2014 that served in a variety of ways around the world. Could next year be your year? Begin to pray and ask God if this could be your time to GO globally!
